

21 HR Jobs of the Future

by

[Harvard Business Review](#)

The Cognizant Center for Future of Work and Future Workplace jointly embarked on a nine-month initiative to determine exactly what the future of HR will look like. The result was the conception of over 60 new HR jobs, including detailed responsibilities and skills needed to succeed in each role.

A ranking of each job by its organizational impact was done, allowing them to narrow the list to an initial 21 HR jobs of the future.
