

# Repairing & Rebuilding Company Culture in a Remote Work Environment

by

SHRM Blog

As remote work was suddenly thrust upon organizations just a few months ago, businesses at large scrambled to find online tools to keep their workflow, and their culture, moving along. For many, this sudden shift to a more remote work environment highlighted culture issues and challenges that may have been hidden or not seen as important in the real-world office.

In this article, discover 5 steps to repairing and rebuilding a positive culture within a remote work environment:
